

LECTURE ON “GOING GREEN: MAITREYI’S INITIATIVE TO CALCULATE, ANALYZE AND REDUCE CARBON FOOTPRINT”

DATE OF EVENT: 6th Sep, 2019

ORGANISED BY: Maitreyi Alumni Association

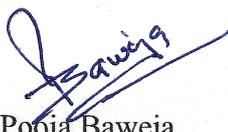

NAME OF RESOURCE PERSON: Ms. Neha Kaul

Number of Participants: 144

Maitreyi Alumni Association organized titled, “Going Green: Maitreyi’s initiative to Calculate, Analyze and Reduce Carbon Footprint” by Ms. Neha Kaul, was organized on 6th September, 2019. Maitreyi is one of the very few colleges that have taken the initiative to compute the carbon footprint in order to identify key sources of emission of GHG and opportunities to reduce those emissions.

Ms. Kaul is a Consultant and Sustainability Lead at an esteemed environment consulting organization. She is certified on GRI Standards of Sustainability from GRI, Amsterdam. She, along with her colleague, Ms Pooja Goel (IP University) and a few students along with teachers (Dr Haritma Chopra, Dr Pinkey Gandhi, Dr Veena Ghuriani and Dr Pooja Baweja) from Maitreyi worked on this project to calculate, analyze and reduce the carbon footprint of Maitreyi College. She suggested measures such as regular campus audits for emissions, taking electronic notes and assignments and #zerocarboncollege (organizing events with environment as the theme) to reduce the carbon footprint. The event concluded with a pledge by faculty and students to reduce the usage of plastic straws, bags and bottles and create a greener, cleaner, purer campus.

Dr. Pooja Baweja
Convenor
